

ENRICHMENT IS BACK!

8 Great Fridays of Learning and Fun!

SESSION 3 DATES: APRIL 1, 8, 15, 22, 29, MAY 6, 13, 20

ART with Ms. Ross

Always a favorite, Ms. Ross will be back to teach all manner of visual art skills and techniques.

\$150
for 8 Fridays!

Sign up and pay
online or in the
office

LEGO Robotics

This will be a longer class, allowing students the time to truly learn and apply Lego programming skills. All equipment will be supplied by our STAR Nova teachers.

MOVE IT! with Mrs. Boynton

Theatre arts skills, collaborative games, kinesthetic learning activities, and improv are just some of the fun activities that will get students up and moving in this class! Mrs. Boynton has been teaching elementary and jr. high aged children in a variety of educational settings for over 20 years. She delights in inspiring even the most hesitant student to enjoy learning through movement!
